AFRICANS PLAN

By TOM HOGE UNITED NATIONS, N.Y. (AP) - African critics of U.S. policy in the Congo mobilized today for a counterblast at U.S. Ambassador Adlai E. Stevenson after he accused them of injecting "black racism" into the Se-

curity Council debate. Ambassador Achar Marof of Guinea told newsmen a strategy meeting would be held today by the 18 African and four Asian nations who have charged before the council that the United States and Belgium committed aggression by sending paratroops to rescue whites held by the Congolese rebels.

RESENT CHARGE

Most African delegates who denounced the United States and Belgium in the council debate refused to comment on Stevenson's blistering reply Monday. But they plainly did not relish his charge that they were guilty of "irrational, irresponsible, insulting and repugnant language."

"PROUD TO SAVE LIVES"

"We are proud of our part in saving human lives imperiled by the civil war in the Congo," he said.

Stevenson charged the Congolese insurgents have received open support from Algeria, Ghana, Sudan, Red China, the Soviet Union, Congo Brazzaville and Burundi.

Most of the African countries which have condemned military aid from outside Africa have themselves received such aid, he said.

ACCUSES RACISM

He said that in his seven years at the United Nations he had never heard such invective as that used against the United States during the present de-

"But even such a torrent of abuse of my country is of no consequence compared to the specter of racial antagonism and conflict raised in this chamber," he said. "I make no defense of the sins of the white race in this respect. But the antidote for white racism is not

Thank You Sincerely ...

It is with genuine regret that we have discontinued Hotel Gettysburg services after these many years. It was not an easy decision. It was reached after a long and careful evaluation of the traffic and travel trends that were insurmountable . . . closing the doors of the Hotel Gettysburg to the thousands of previous guests and the many who would naturally and obviously be attracted to this historic hostelry in the future has not been decided with mixed emotion . . . it just hurt deeply!

To all of those who shared our services and hospitality . . . in our own community . . . the great state of Pennsylvania . . . elsewhere throughout the nation . . . and in many foreign countries . . . we are humble in our thanks and most grateful in our sincerest appreciation for the privilege and pleasure that have been ours to have served you.

It has been gratifying to know through your voluntary expressions that we have measured up, in a modest fashion, to your highest expectations . . . to have served you and this fine community faithfully has been our pleasure . . . to have pleased you has been the attainment of our goal.

As we express our appreciation to all of you for your friendship and appreciation over the years, our heartfelt thanks go to the fine people who comprise our staff and who have contributed so much to our attainment of high status in our particular field of public service. The sincerity and genuineness of their service have been truly magnificent and have earned for them the respect and admiration of everyone.

Synopsis: Womp imprisons the Prince in a magic circle drawn in the snow. Then he puts on the magic shoes and leaves for Fairyland to cast a spell over Santa Claus.

CHAPTER TEN SANTA IN FAIRYLAND

At dawn the turtle and the Snowman arrived in Fairyland. While they waited for the Prince to arrive they removed their magic shoes, for Tweedleknees had told them the shoes were good only for a one-way trip to Fairyland. They threw the shoes away and gazed around them, speechless.

They were in a place of enchantment where the sun shone every day and flowers bloomed all year long.

"I shall melt!" thought the

HARRISBURG (AP) - While Gov. Scranton is out of the state over the weekend, a Democrat has taken over the reigns of government—in a mock fashion. Gerald E. Ford Jr., 17, of Mifflin, Juniata County, is governor of the 1964 Hi-Y Legislative Assembly meeting on Capitol Hill for the purpose of familiarizing youth with the workings of state government.

Ford, who says he's a member of the Young Democrats Club, addressed some 200 fellow Hi-Yer's Friday in a joint session of the mock legislature. He also read a letter from Scranton, who regretted he was unable to attend.
